NO: Supplies for making dolls/miniatures in the Dolls & Miniatures category, including patterns. These should be listed in the Supplies category (both commercial and handmade), or Patterns category (if they are handmade), as we feel keeping the supplies and finished goods separate will lead to a better buyer experience. We will consider a Doll Making sub or sub-sub to Supplies later.

NO: vintage or manufactured dolls or items in this category. Vintage items are 20 years and older, and may be listed in the Vintage category only.

You may list manufactured dolls that have been significantly hand-altered by you, to create a handmade item, in Dolls and Miniatures. You may list clothing and accessories for manufactured dolls only if they have been handmade by you.
